

# Documentation and Coding Psychiatry and Behavioral Health 2019

## E&M and Psychiatric Services

Tues., Jan. 29, 2019 - 10 a.m. - 4 p.m.

(registration begins at 9:30 a.m.)

Ohio Psychiatric Physicians Association, 3510 Snouffer Rd., Ste. 101, Columbus, OH 43235

### Who Should Attend

This workshop is designed for psychiatrists and their new or experienced billing and coding staff and all other mental health professionals.

### Why You Need to Attend

Documentation is the key to accurate medical coding in order to be reimbursed by insurance carriers. It is widely known that "if it isn't documented in the medical record, it didn't happen." Failing to document appropriately and/or using the wrong CPT and/or ICD-10 code(s) can result in claims being delayed or denied even though the services provided should have been a covered service. Further, any omission in details while documenting can lead to under payments and/or overpayments, which is identified during audits.

### Speaker

Diane Zucker, M.Ed., CCS-P, is a health care management and reimbursement consultant who has spent nearly three decades as a consultant providing physicians and practices with educational programs, support and ongoing information on the complex maze of documentation, coding and compliance. Diane has a Master's degree in Education and a Bachelor's degree in social work from Kent State University with additional coursework in health care management and reimbursement. Prior to consulting, Diane worked in health care as a social worker and for a major health insurance company. Diane is also a certified CPT coder and ICD-10-CM trainer.

In accordance with disclosure requirements, Diane has indicated that neither she nor any member of her immediate family has any relevant financial relationship with any commercial interests. Additionally, she will not discuss unapproved or investigational use of a product.

### CME

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American Psychiatric Association (APA) and the Ohio Psychiatric Physicians Association (OPPA). The APA is accredited by the ACCME to provide continuing medical education for physicians."

The American Psychiatric Association designates this live activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### AAPC

This program has the prior approval of AAPC for 5 continuing education hours. Granting of prior approval in no way constitutes endorsement by AAPC of this program. content or the program sponsor.

## AGENDA

10:00 - 12:30 p.m. (with 15 min. break)

- ◆ Review of the current status of CPT coding, ICD-10 coding and insurance coverage for behavioral health and addiction medicine issues.
- ◆ Review in detail the structure for CPT coding for psychiatry with review of code for initial assessment using 90791 or 90792, structure for psychotherapy, medication management and interactive complexity with review of the proposed documentation changes by CMS under the Trump administration.
- ◆ Review interactive complexity.
- ◆ Review individual therapy with identified needs for treatment plans and review documentation and coding for group therapy and family therapy.

12:30 - 1 p.m. Lunch (provided)

1 - 4 p.m. (with 15 min. break)

- ◆ Review of the basic evaluation and management (E&M) guidelines by place of service (office/outpatient, hospital, nursing home) and the basic components of each location and service level.
- ◆ Review of coding and documentation for psychotherapy services, with and without E&M services and delineation of time documentation.
- ◆ Review of the new psychology testing codes.
